

## Safety Policy

At USA Original Construction, we know your home is more than just a building — it's where your family feels safe. That's why we treat every project with care, putting safety first in everything we do. Our team brings years of experience and a commitment to clear communication, so you can trust that your property and everyone on site are in good hands from start to finish.

### 1. Commitment to Safe Work Practices

We pledge to follow all OSHA and local safety regulations on every job site. Our team is trained in the latest safety protocols, uses proper protective equipment, and conducts daily safety briefings to ensure a secure environment for both workers and homeowners.

### 2. Protection of Your Home and Family

We take every precaution to safeguard your property and loved ones. This includes using protective coverings, maintaining clean work areas, and securing all tools and materials at the end of each day to prevent accidents or damage.

### 3. Emergency Preparedness and Response

Our crew is prepared for any emergency. We offer 24/7 emergency services and have clear procedures in place for severe weather, accidents, or urgent repairs, ensuring rapid and effective response to protect your home.

### 4. Transparent Communication and Accountability

We keep you informed at every stage of your project. Our team is always available to answer safety questions, address concerns, and provide updates. We encourage feedback and are committed to resolving any safety issues promptly and professionally.
